

Declaration of Attendance at School or University

If you are 18 to 25 years old, you must be attending a recognized educational institution full-time to receive a children's benefit (disabled contributor's child's benefit or surviving child's benefit). You must complete the declaration form when you first apply for a benefit, at the beginning of every school year and/or semester, and when you return to school after having left for a time.

You can renew your benefits online (see details below). You can also choose to complete Sections A and B of this declaration and either: include a *proof of enrolment or have your school complete Section C after the start of the first day of class

Please indicate which option you have chosen to confirm your attendance at school or university to Service Canada:

- I am including a ***proof of enrolment** to support this declaration.
- I have had Section C signed by an authorized representative from my school or university after the start of the first day of class.

Please ensure that Sections A and B have been completed and that you have either included a *proof of enrolment or had the Section C of the form validated and signed by school officials after the start of the first day of class. Completing this form before the start of classes may result in a processing delay.

Once you have completed this form, send it to the nearest Service Canada office using mailing instructions on the last page. Include any supporting documentation. If you renewed your benefits online, you do not need to mail this form. Please refer to the information at the bottom of this page.
